RUSSIAN ARMY HAS INVADED BULGAR TERRITORY

ADMISSION STRIKE HAS PROVEN FAILURE

(By Associated Press.) NEW YORK, Oct. 3.—Tacit admission of the failure of the general sympathetic strike in New York in behalf of the striking street car men was made in a report today to a conference of labor leaders, which discussed the general situation. The leaders recommended that, every union member in the city be assessed one dollar for the benefit of the subway, elevated and surface car employees who are on strike in Manhattan, the Bronx and parts of Westchester county.

No decision as to further efforts to call out all unionists in sympathy with the strikers was taken and there was no formal admission that the strike plan had collapsed.

In its report to the meeting the general strike committee said:

"The committee still believes in the sincerity of the assurance given by representatives of important unions. It is also of the opinion that the rank and file of labor is in

full sympathy with the street car men in their fight to maintain their rights."

Police headquarters announced that a canvass made by policemen showed that only 408 men had responded to the call for a general strike.

More than 100,000 members of the United Hebrew Trades returned to work after their three day holiday, as did 3100 brewery workers.

(By Associated Press.)

Satisfied that there is little further danger of violence in the subway as a result of the street railway strike, the police department withdrew all policemen from strike duty on underground trains. Similar action will soon be taken in regard to the elevated lines. Only one, instead of two, policeman has been assigned to each surface car. Shortly after this announcement three trains were attacked. A bullet fired at an elevated train clipped a piece of an ear from a passenger.

NEW YORK REPORTED CERTAIN FOR HUGHES

(By Associated Press.) CHICAGO, Oct. 3.—A report that Hughes and Fairbanks will carry New York, Connecticut and New Jersey was brought to western Republican national headquarters today by Frank H. Hitchcock, a member of the Republican national advisory committee, who devoted several weeks to a study of politics in the east before coming to Chicago. He said that the sentiment in New York state outside of New York city appeared to be overwhelming for Hughes. In New York city, he said, there was considerable doubt as to the situation.

Favorable reports also were received from West Virginia, Hitchcock said. Plans for Hughes' third and final trip of the campaign through the west were discussed today at western headquarters.

GAMBLING IN CHICAGO UNDER INVESTIGATION

(By Associated Press.) CHICAGO, Oct. 3.—While Federal Judge Landis continued to draw from reluctant witnesses testimony of a highly developed organization for gambling, which the police previously declared did not exist, city authorities scurried around and uncovered evidence of a baseball pool in a raid on a downtown office building.

State's Attorney Hoyne, conducting an independent raid on the Sportsmen's Club of America, declared he suspected that the funds derived from a large sale of associate memberships was used as a political fund for the benefit of Mayor William H. Thompson.

(By Associated Press.) NEW YORK, Oct. 3.—The national workmen's committee on Jewish rights will hold a meeting in this city tomorrow. It was announced today, to consider measures recommended by Herbert Samuel, home secretary for Great Britain, which would, according to the committee, result in the deportation of all Russian and Rumanian refugees, unless they joined the British army. The condition of Jews in all belligerent countries also will be discussed. The committee represents approximately half a million Jewish workmen throughout the United States.

INVESTMENT BANKERS HOLDING CONVENTION

(By Associated Press.) CINCINNATI, Oct. 3.—More than 500 investment bankers listened yesterday to discussions as to the ways and means by which the Investment Bankers' Association of America can get in closer touch with the financial pulse of foreign nations, particularly those of South America.

The foreign relations committee of the association in its reports before the convention advanced a proposition that in effect would have the association as a body co-operate and join the Philadelphia Commercial Museum, with the sole purpose of ascertaining more information relative to foreign countries.

A motion to this effect was adopted and the matter was referred back to the foreign relations committee to find the ways and means of bringing this about.

Following this the convention listened to the report of the legislative committee relative to the progress made in the "blue sky" law cases in various states, municipal bond legislation and the income tax law.

CENTER AND RIGHT FLANKS OF AUSTRO-GERMANY DEFEATED

Russians Taken Captive by Teutons in Battle Which Recovers Positions Lost by Teutons Saturday Northwest of the Calician Capital, and Russian Attacks Repulsed.

(By Associated Press.) The Rumanians have invaded Bulgaria.

On the upper reaches of the Danube between the fortified towns of Rustchuk and Turtukal, where the river begins its bend northeastward, leaving Bulgarian territory and separating Rumania proper from Dobrudjak, the troops of Rumania have made their way to the southern bank of the stream.

Just how many men were thrown across the river is not disclosed in either the Rumanian or German official communications, but the strategic value of the maneuver seemingly is twofold.

Ninety miles eastward from Turtukal, which lies at the western extremity of southern Dobrudjak, is Varna, Bulgaria's chief seaport on the Black sea. If sufficient men have been thrown across the river and are sent along the Dobrudjak-Bulgarian frontier towards Varna, not alone would the seaport be in danger, but the move would constitute a serious menace toward the isolation of the German, Bulgarian and Turkish forces operating against the Rumanians to the north.

INVADERS TO BE ATTACKED

(By Associated Press.) SOFIA (official), Oct. 3.—The number of Rumanians invading Bulgaria is placed at several battalions. The invader effected a passage of the Danube near Lianoo between Rustchuk and Turtukal. Measures have been taken to attack the invaders.

(By Associated Press.) NEW YORK, Oct. 3.—The total transactions of the New York clearing house for the year ending September 30 exceeded \$155,000,000,000, breaking all previous records, according to the annual report. The total transactions since the organization was formed 63 years ago aggregate near three trillions.

AEROPLANE LOST

(By Associated Press.) LONDON, Oct. 3.—British naval aeroplanes made another attack on the German airship sheds in the vicinity of Brussels. One British aeroplane was lost.

Simultaneously with the announcement of the crossing of the Danube comes a report from Bucharest that a fresh attack along the entire front in Dobrudjak has resulted in the defeat of the center and right flanks of the troops of the central powers. In Transylvania the Rumanians on both sides of the Great Kukul river have advanced against the Teutonic allies, while westward, in the vicinity of Orsova, and near Petroseny, the Austro-Hungarians have captured positions from the Rumanians.

The fighting in Galicia, with Lemberg the stake, has resulted in successes for the Teutonic allies northwest of Galician capital, and for the Russians in the southeast. On the Brody-Zlochoff road, the Teutons recaptured the ground lost Saturday, according to both Berlin and Vienna, and made prisoner 2306 Russians, while in the Narayuvka and Zlot-Lipa sectors the Russians repulsed vicious attacks of the Teutons, inflicting heavy casualties and capturing 1600 men. In the Lutsik region of Volhynia northwest of Svinusky a Russian attack was repulsed.

Little additional news of the fighting on the Macedonian front has

TESTIMONY FOR BILLINGS FOUND

(By Associated Press.) SAN FRANCISCO, Oct. 3.—Hitherto unrevealed evidence, introduced by his attorney, postponed the sentencing to life imprisonment of Billings, convicted of murder in connection with the preparedness parade bomb explosion. Maxwell McNutt, his attorney, in an argument asking for a new trial, offered affidavits to prove that the authorities had the wrong persons in their prosecutions of the bomb plotters. The result of developments in the Billings arguments for a new trial will be continued until Saturday. The district attorney's office admitted that the testimony looked important.

come to hand. The troops of both sides along the front apparently are continuing their attacks and counter attacks, with no notable successes for either. Aside from bombardments, which are especially severe on the Carso plateau, little fighting is taking place on the Austro-Italian front.

One person was killed and one injured and slight material damage resulted from the Zeppelin raid over east England Sunday night. The entire crew of the Zeppelin which was brought down in flames near London perished.

MAY EVACUATE POSITIONS TAKEN

(By Associated Press.) LONDON, Oct. 3.—General Von Mackensen, commanding the army operating against the Rumanians and Russians in the province of Dobrudja, has ordered the evacuation of the Danube fortress of Silistria and Turtukal, recently captured by the Teuton, Bulgarian and Turkish forces. A dispatch from Rome by wireless to the press says the reason given by the German commander is the danger of being enveloped by the Russian and Rumanian forces which crossed the Danube between Rustchuk and Turtukal.

GERMANY PREPARED TO WAGE COMMERCIAL WAR

(By Associated Press.) NEW YORK, Oct. 3.—"Germany is ready for any trade war her enemies may wage against her after the end of hostilities in the field," says Henry M. Morgan, United States consul general to Hamburg. He said that Germany expects America to be her closest trade associate after the war. German business men are confident that there will be only the most friendly business relations between the nations.

"German realizes that trade with

the allies would be subject to great restrictions," Mr. Morgan said. "Regardless of the feeling engendered by the war, Germany expects cordial trade relations with the United States." He said that Germany has sent very little money out of the country for war expenses, compared with what the allies have sent to America. The German store of gold will have the tendency to prevent crippling her ability to meet England in the coming struggle for the world trade.

POLICY IS UNSOUND AND INEFFICIENT

(By Associated Press.) PASADENA, Cal., Oct. 3.—Charles Warren Fairbanks, Republican vice presidential nominee, criticized the Democratic administration as "unsound" and "inefficient" yesterday in a late luncheon address at the Maryland hotel, and attacked the "false prosperity" of the last four years under Democratic government.

"One of the first of the worst things President Wilson did after his election," Mr. Fairbanks said, "was to commence breaking the pledges of the party which had elected him to

office. His tariff propaganda and his personal control over congress make him responsible for conditions which have existed during the administration."

Mr. Fairbanks continued: "What are we to do in the next four years? The war in Europe will soon end and then will begin the economic struggle in which this country will play its most important part. I refer to this simply to emphasize the necessity of our being taught to protect this country against conditions such as exist today."

MRS. J. V. HURD WINS QUALIFYING ROUND

(By Associated Press.) BOSTON, Oct. 3.—Mrs. J. V. Hurd of Pittsburg, who as Miss Dorothy Campbell was champion woman golfer of this country, Great Britain and Canada, was medalist today in the qualifying round of the women's national golf championship at Belmont Spring Country club. WONDERFUL GALLANTRY OF CANADIAN CORPORAL

(By Associated Press.) OTTAWA, Oct. 3.—A tale of an unnamed corporal in an eastern Ontario battalion of the Canadian forces in France, who, single handed, charged a party of 22 Germans advancing to an attack and killed or wounded all of them except one whom he took prisoner, is related by the official Canadian "eye witness" in a dispatch received today.

"As a result of further severe fighting, the Canadians have captured several important German positions and have advanced their own line upon a frontage of nearly two miles to a maximum depth of 900 yards," the dispatch says.

"The Germans have fought hard and their resistance has been formidable. To minimize this fact would be to minimize the gallantry and persistence with which the Canadians have attacked. We have in this fighting advanced in close co-operation and sympathy with the British troops on either flank. Despite the enemy's resistance, we have, except for temporary and local setbacks, secured in succession all of our objectives and by every account received we have inflicted severe losses upon the Germans."

That yesterday's storm was general is attested to by the passengers on train 24 this morning. They say that the hills were mantled the entire way from Reno, where there was a heavy fall of rain and snow. On account of the danger of the track settling, slow orders were given the crews and the train did not arrive in Tonopah until 9:40.
